SAN CRISTOBAL ACADEMY

the passage to a new beginning

CONTRACT for PERSONAL PROPERTY BROUGHT/SENT to San Cristobal Academy

All personal items brought onto the Ranch property, either at the time of enrollment, or at any time during the student's stay, are the full responsibility of that student. Ranch property is defined as any property owned or leased for the purposes of providing services to our students.

Academy staff encourages students to explore personal interests and passions that may necessitate the use of expensive or irreplaceable personal items. However, the SCA Program requires students accept personal responsibility and ownership for their decisions, actions and the ultimate consequences, both positive and negative, for any course of action taken. A decision, to bring or have sent, a personal item should first be reviewed with an appropriate staff member. Once on Ranch property it's the student's responsibility to ensure the item is used and stored in a manner to protect from damage or loss. Under no circumstances will San Cristobal Academy accept financial responsibility for student's personal items.
